

# Administrative & Legal Services

## Administrative and Legal Services

The General Administration Office is responsible for governing the overall activities of the County. This is accomplished through the following divisions:

- **Board of Supervisors** - serves, by law, as the governing body of the County of York.
- **County Administration** - responsible for the execution of policies established by the Board of Supervisors.
- **County Attorney** - provides full-time legal services on civil matters for the County and School Division.
- **Public Information and Community Relations** - communicates information about the County to the community, the news media, and the staff of York County.
- **Video Services** - provides useful information via television to York County citizens to make them aware of County, County Schools and regional government services and programs to promote citizen involvement.
- **Economic Development** – works to create a diverse economic base in order to expand the tax base and capital investment in the County and provide higher income and employment opportunities for its citizens. (See Financial and Management Services tab for detail budgets.)
